Can you prepare this same type of 1-mile radius for each facility this afternoon? Thanks.

Frances Verhalen, P.E., Chief

Compared to denka, the categories of information are different, not as detailed. I only did the 1 mile report. When I was talking to you earlier, saying it showed the water, for some reason it hadn't accepted the lat/long for Union Carbide, it was showing me Washington state. I bet it's a whole lot cooler up there!
